PSC SC
CLERK'S OFFICE

Tuesday, January 09, 2018

Attention: Clerks Office

Let it be known that Jerry and Lynn Wright of _____, Gaffney, SC
29340-6730 _____

Hereby issues this statement we do not want a rising in cost of our sewer service: Utilities Inc. P.O. Box 160609 Altamonte Springs, FL 32716. We are charged a flat rate, and that is very unfair we are two people living in a manufactured home. The residence at the end of the street has 8 people living at that address. And 6 people lives at _____ rive, and we all are charged the same amount. It should be noted that meters need to be put in, and then everyone would pay for what they actually use.

And according to this they owe us money we are the only manufactured home in this subdivision so they have been charging us wrong since January 20th. 2000. We have never been sent a breakdown such as was sent to us a week ago. Because if we had known it was cheaper than a stick home we wouldn't be paying the \$57.58 we pay now. We would have called, and told them they need to change it to the \$42.01 for our manufactured home.

Sincerely

Jerry A. Wright
